Brain Teasers

Two fathers and two sons went fishing one day. They were there the whole day and only caught 3 fish. One father said, that is enough for all of us, we will have one each. How can this be possible?

Answer: There are only three people in total: a grandfather, his son, and his grandson. The grandfather is a father, the son is both a father and a son, and the grandson is a son.

Flip the triangle upside down by moving **exactly 3 coins**.
